International Space Summit

Empowering Space Through Enhanced Collaboration

2025. 6. 3 (Tue) - 5 (Thu) | Daejeon Convention Center

Foreword

Greetings,
I am Dr. Sunghee Lee, Chairman of the "ISS 2025" Organizing Committee and Chairman of CONTEC Space Group.

From June 3 to 5, 2025, "ISS 2025" was held successfully at the Daejeon Convention Center (DCC), bringing together more than 3,500 space industry experts, entrepreneurs, academics, and government officials from 41 countries.

This year's event featured three plenary speeches, 15 sessions, and 68 topic presentations, providing a forum to discuss the present and future of the global space industry. Additionally, the 71 exhibition booths operated by 49 organizations and companies served as an effective platform for technological exchange and industrial collaboration.

Furthermore, a variety of side programs - including official receptions, B2B meetings, startup pitching sessions, and an expanded exhibition space - offered participants ample opportunities for networking, cooperation, and partnership building.

Most importantly, "ISS 2025" was able to run even more successfully thanks to the unwavering support and collaboration of Daejeon Metropolitan City, the hub of Korea's space industry cluster as well as research and talent development. I would like to take this opportunity to extend my heartfelt gratitude to Daejeon City, all participants, and our sponsors for their invaluable contributions.

Starting this year, "ISS" will evolve beyond a mere academic conference to become a key focal point for global New Space collaboration through its exhibition operations and more. With this vision, "ISS 2026," to be held again at the DCC from June 16 to 18, 2026, will be prepared to provide even more diverse and meaningful opportunities for practical discussions and collaboration on the advancement of space development.

I sincerely hope for your continued interest and enthusiastic participation next year, and I look forward to seeing you again at "ISS 2026."

Thank you.

June 30, 2025

Chairman of the 「ISS 2025」 Organizing Committee
Chairman, CONTEC Space Group | **Dr. Sunghee Lee**

Overview

This report provides an analysis of the outcomes of the 3rd「International Space Summit 2025(ISS 2025)」 - a public-private collaboration program jointly hosted by CONTEC Space Group and Daejeon Metropolitan City - and outlines recommendations for an even more successful 「ISS 2026」.

▪ Event Overview

Category	Details
Event Name	「International Space Summit 2025 (ISS 2025)」
Purpose	To bring together experts, scholars, industry leaders, and government officials from around the world to share perspectives on the future of the space industry, build a sustainable space ecosystem, and promote global technological collaboration.
Date / Venue	June 3 (Tue) – 5 (Thu), 2025 / Daejeon Convention
Co-Hosts	CONTEC Space Group / Daejeon Metropolitan City
Partners & Sponsors	· Official Partner : Daejeon Technopark · Media & Contents Partner : Dong-A Science, Chosun Biz, Korea Economic TV, NovaSpace · International Conference Support Program : Korea Tourism Organization · Sponsorship : 47 companies participated · Exhibition Booths : 49 companies participated
Program	15 sessions, 68 topic presentations / Opening Ceremony, Official Banquet / Exhibition Booths (3 keynote speakers, 65 presenters, 15 moderators)
Exhibition	71 booths by 49 companies (26 domestic / 23 international)
Participants	**3,500 total attendees from 41 countries, representing 527 organizations and companies** 293 companies, 45 investment/financial firms, 44 universities, 29 defense-related institutions, 28 public organizations, 25 government-funded research institutes, 22 government agencies, 14 academic industry associations, 10 embassies, 6 local governments, 6 media outlets, 5 legal/consulting firms
Theme	Empowering Space Through Enhanced Collaboration

Booth Operations & Networking

Booth Operations & Networking

「ISS 2025」 in Numbers

Participation Overview

41 countries

3,500 total participants

3,500 cumulative attendees from 41 countries

144% increase compared to the previous year (1,434 → 3,500)

Sessions & Panel Discussions

22 countries

83 speakers and panelists

83 speakers from 22 countries participated

15 sessions covering 68 topics (3 keynote speakers, 65 presenters, 15 moderators)

Exhibition Booths

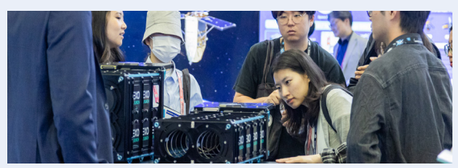
49 companies and organizations

71 Booths operated

49 companies and organizations from around the world

* (26 domestic / 23 international)

17 companies in satellite manufacturing & payloads, 12 in ground stations, communications & control, 6 in launch vehicles & space transportation, 11 in space systems, components & solutions, and 3 in other sectors (academia/legal, etc.)→ **showing diversified participation across fields**



Participating Companies & Organizations

527 companies and organizations took part

Participants included businesses, institutions, investors, universities, embassies, and more from 41 countries

293 companies, 84 institutions, 45 investment & finance firms, 44 universities, 29 defense-related organizations, and 10 embassies — creating efficient business networking opportunities and expanding collaboration during the event

MoU Signing & Meeting Room Usage

4 companies **3** countries signed MoUs

110 110 business meetings held per day (approximately)

A dedicated MoU signing area enhanced the event's professionalism, while the pre-booked meeting rooms provided diverse opportunities for business discussions and partnerships.

Advance notice on meeting room operations resulted in 100% utilization throughout the event.

Media Coverage

131 articles published by

66 media outlets

Collaborated with three official Media Partners to arrange interviews among participating companies, boosting publicity and networking.

Media exposure increased dramatically, up 7.28 times compared to the previous year (18 articles by 7 outlets → 131 articles by 66 outlets), including coverage from Dong-A Science, Chosun Biz, Korea Economic TV, Newsis, and various regional newspapers.

정책

[ISS 2025] "등록비 안받는 국제 우주 콘퍼런스 3년째 개최…국내 우주 기업, 함께 성장해야"

2025.06.05 17:45

| 이성희 컨택 대표

"컨택 혼자 사업을 수주했다고 해서 앞으로의 성공을 담보할 수 없어요. 한국 우주 기업 160개 전체가 고르게 성장하고 매출을 내야 해외 시장에서 한국에 대한 신뢰가 쌓이고 사업도 많아집니다. 해외 협력해 우주 기업이 한 데 뭉쳐 대응할 수도 있고요. 우주 컨퍼런스를 통해 국내 우주 산업 생태계 크기를 키우려고 노력하는 이유입니다."

5일 국내 우주기업 컨택과 대전시가 대전컨벤션센터에서 개최한 '인터내셔널 스페이스 서밋 2025(ISS 2025)'에서 만난 이성희 컨택 대표는 ISS를 2023년부터 매년 개최하는 이유에 대해 이렇게 밝혔다.

SNS Promotion

28 posts generated

34,577 impressions with a

23.1 % click-through rate

Achieved a significantly higher CTR than the industry average (approx. 8%), reflecting strong interest among SNS users.

The high CTR, a key indicator of genuine audience engagement, helped drive event awareness, attendance, and positive sharing.

Post-Event Survey

207 respondents, with

82.61 % expressing intent to participate again

Key participation objectives were: gaining insights into new technologies and trends (40.71%), networking and collaboration (28.24%), and seeking partnership opportunities (13.23%) — confirming that ISS met these expectations.

The results show that the majority of diverse domestic and international attendees plan to return for 「ISS 2026」.

Progress & Milestones

▪ 「ISS 2024」held (2nd Summit): June 11–13, 2024, The-K Hotel Seoul (Yangjae-dong, Seoul)

Date	Details
May 31, 2024	Dates for 「ISS 2025」 confirmed (June 3–5, 2025)
August 14, 2024	Preliminary visit of Daejeon Convention Center
September 6, 2024	Venue for 「ISS 2025」 finalized (Hall 1, Daejeon Convention Center)
September 27, 2024	Basic plan for「ISS 2025」established
November 6, 2024	RFP announced for International Space Summit 2025 Planning & Operation Service
November 8, 2024	Development of「ISS 2025」official website commenced
January 16, 2025	「ISS 2025」 Organizing Committee launched
January 20, 2025	「ISS 2025」website and pre-registration open
January 23, 2025	Contract signed for 「ISS 2025」Planning & Operation Service (D&C Company Co., Ltd.)
February 20, 2025	Dong-A Science confirmed as official Media Partner for 「ISS 2025」
March 6, 2025	Sponsorship and exhibition booth applications opened
March 25, 2025	Launch of Payment Function and Meeting Room Reservation on the 「ISS 2025」 Website
March 25, 2025	Korea Economic TV confirmed as official Media Partner for 「ISS 2025」
March 28, 2025	MOU signed between CONTEC Space Group and Daejeon Metropolitan City to co-host「ISS 2025」
April 1, 2025	Approved for Korea Tourism Organization International Conference Support Program *KRW 14,000,000
May 1, 2025	Opening day adjusted (from June 3 to June 4) due to Presidential Election Day
May 1, 2025	Chosun Biz confirmed as official Media Partner for ISS 2025
May 15, 2025	France's NovaSpace confirmed as official Contents Partner for ISS 2025
June 3, 2025	**「ISS 2025」held (June 3–5, 2025)**

▪ Events

- Day 2 : Percussion Performance (Team "Hwaryeo"), Exhibition Hall Opening Ribbon-Cutting Ceremony
- Day 2 : Official Banquet Performance 1 – Fusion Korean Traditional Music (Team "Hwasumok")
- Day 2 : Official Banquet Performance 2 – Korean Pop Music Performance
- All day : Exhibition Booth Operations, CONTEC Character Bread Tasting Corner, Coffee & Churros Food Truck Service

Key Outcomes

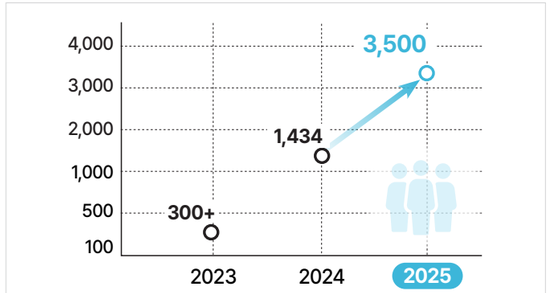
▪ Participation Scale

∘ Participants : 3,500 total attendees from 41 countries (cumulative)

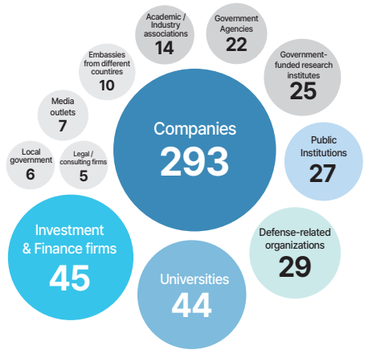
- 83 speakers and moderators from 22 countries (3 keynote speakers, 65 presenters, 15 moderators)
- 144% increase compared to the previous year (1,434 → 3,500)

∘ Participating Companies & Organizations : 527 companies and organizations from around the world

- 293 companies, 45 investment & finance firms, 44 universities, 29 defense-related organizations, 27 public institutions, 25 government-funded research institutes, 22 government agencies, 14 academic/industry associations, 10 embassies from different countries, 7 media outlets, 6 local governments, and 5 legal/consulting firms
- 46.4% increase compared to the previous year (360 → 527 organizations)



[Figure 1] Participation Growth Rate



* Key Trend: Rising interest in space led to significant participation not only from companies but also from investors, financial institutions, and universities.

▪ Expanded Networking Opportunities

∘ Conference : 15 sessions with 68 topic presentations reflecting the latest space industry trends

- 3 keynote speakers, 65 presenters, 15 moderators
- Space Defense was the most popular session theme, followed by satellite-related topics ranked 2nd to 5th.

∘ Exhibition Booths : A total of 49 companies participated (26 domestic / 23 international)

- Satellite Manufacturing & Payloads: 17 companies (e.g., Exotrail, Gomspace, Aerospacelab)
- Ground Stations, Communications & Control: 12 companies (e.g., CONTEC, KSAT, KT Sat)
- Launch Vehicles & Space Transportation: 6 companies (e.g., Exolaunch, Dalro Aerospace)
- Space Systems, Components & Solutions: 11 companies (e.g.,Incerasolution, STEPLab, GTL)
- Others (Academia / Legal, etc.): 3 organizations (e.g., Yulchon LLC, Hanbat University)

∘ Expanded Networking Opportunities for Participants :

A total of 18 meeting rooms and 4 reserved meeting rooms were operated.

- Fully addressed feedback from「ISS 2024」about insufficient meeting space by expanding from just 1 room to 18 rooms.
- Achieved 100% utilization through advance booking and on-site reservation system.
- Standing tables were arranged to provide a comfortable networking environment, maximizing participant convenience.

▪ Media Coverage

∘ A total of 131 articles were published by 66 media outlets.

- Breakdown of Article Topics

Article Topic	Number of Articles	Percentage
「ISS 2025」 Event / Announcement	97	74.0%
Participating Companies & Organizations (Interviews)	16	12.2%
MoU Announcements	9	6.9%
「ISS 2025」 Presentation Reports	6	4.6%
Interview with Sunghee Lee, Chairman of CONTEC Space Group	3	2.3%

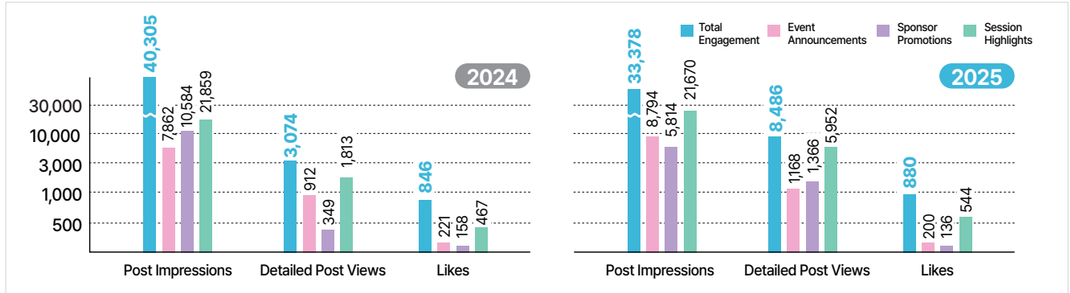
- Key Keywords and Highlights: : Coverage mainly focused on the space industry and 「ISS」, helping increase interest in major company interviews and startup topics.

*** Frequent Keywords**

1) "Global Space Hub", "Space Industry Center City" – mentioned in over 90 articles
2) "40 Countries", "Over 3,000 Participants" – highlighted in more than 70 articles to emphasize event scale
3) Performance-related keywords like "Technology Cooperation", "Business Expansion", "International Partnership" appeared frequently
4) "Notable points included "NASA-affiliated speakers", "Startup Policy Proposals", "MoU Signings" which were emphasized in key reports

▪ SNS Promotion (Monitoring Period: Approximately 5 months — Feb. 7, 2024 to June 19, 2025)

- A total of 34,577 posts were shared through official accounts, achieving extensive pre-event promotion and organic outreach
- The posts generated over 35,000 impressions, with approximately 8,000 detailed post views and 70 reposts — significantly boosting awareness. Compared to the previous year, planned promotional efforts resulted in a much higher click-through (view) rate.



[Figure 2] Analysis of SNS Posts (Left: 2024 / Right: 2025)

▪ MoU Signings

∘ A total of 4 MoUs were signed with companies from 3 countries.

- The agreements focused on technological cooperation and capacity building, including FSO, space weather forecasting, SAR development, and more.
- A dedicated MoU signing area enhanced the professionalism of the event. For future summits, CONTEC plans to expand dedicated MoU areas based on participating companies' needs to improve convenience and facilitate further collaboration.

Key Outcomes

▪ Post-Event Survey

⚬ Survey Results : 207 respondents (191 domestic / 16 international)

- **Key Positive Insights**

① Interest in 「ISS 2026」 82.61% indicated a willingness to participate again; overall event satisfaction reached 78.26%.

② Over 98.07% of respondents visited the exhibition booths, with 71.98% expressing strong support for further expansion of exhibition

③ Participants expressed very high satisfaction with the venue's (Daejeon) accessibility and its connection to nearby business networking opportunities; 58.93% agreed that they would support paid participation if this event quality is maintained.

④ "High satisfaction with the conference program due to diverse sessions and up-to-date insights into the space industry."

⑤ "Impressed by strengthened networking made possible through significantly expanded exhibition booths and well-organized reserved meeting spaces."

⑥ "Highly positive feedback and trust in ISS's continued growth, with previous year's suggestions (start time, booth expansion) fully addressed."

Confirmed their intention to attend 「ISS 2026」

Smooth networking
Many praised the enhanced networking environment enabled by expanded exhibition booths and dedicated meeting spaces.

Overall event satisfaction was high
Both presentations and panel discussions left a strong impression.

Space Defense sessions ranked as the most popular
Participants found them highly engaging.

ISS-exclusive creative elements
especially CONTEC's "character bread" - were well-received for their novelty and taste, adding a unique, memorable experience.

▪ Event Highlights

- Expanded exhibition booths, dedicated rest areas, and additional coffee stands (food trucks) enhanced the event content and overall experience.
- The "Percussion Performance" during the opening ceremony received very positive feedback from participants, confirming its potential to become a unique signature performance of ISS in the future.
- The added K-pop performance during the banquet and the surprise appearance by Dr. Sunghee Lee, Chairman of CONTEC Space Group, were especially well-received by international participants, providing returning attendees with an extra layer of enjoyment and excitement.

Plan for 「ISS 2026」

▪ 「ISS 2026」 Overview

- Event Name : 「International Space Summit 2026(ISS 2026)」
- Date : June 16 (Tue) – 18 (Thu), 2026
- Venue : Daejeon Convention Center (DCC), Hall 1 (Entire Hall), Daejeon Metropolitan City
  - By building on the connections established through「ISS 2025」, the event is expected to maximize synergy by enabling follow-up business meetings and networking with major government agencies and national research institutes such as Gyeryongdae, DAPA (Defense Acquisition Program Administration), ADD (Agency for Defense Development), and KARI (Korea Aerospace Research Institute).
- Programs :
  - Opening Ceremony, Conference Sessions, Special Events (Opening Performance, Banquet Performances, etc.)
  - Exhibition Booth Operations: Full use of DCC Hall 1 with plans to expand to over 100 exhibition booths

▪ Expected Outcomes

- Synergy through Daejeon's Strategic Location and Multi-Stakeholder Collaboration
  - Hosting the event in Daejeon—home to key government agencies and national research institutes such as DAPA (Defense Acquisition Program Administration), ADD (Agency for Defense Development), KARI (Korea Aerospace Research Institute), and KASI (Korea Astronomy and Space Science Institute)—will enable active collaboration among industry, academia, research, military, government, and policymakers, both domestically and internationally.
- Expanded Global Participation and Business Linkages Based on 「ISS 2025」Outcomes
  - Building on the international achievements and strong public–private cooperation of 2025,「ISS 2026」is expected to attract even more overseas companies and organizations, creating greater opportunities for practical business collaboration and establishing itself as Korea's leading international space conference.
- Establishment as a Global Platform for Space Industry Cooperation
  - By bringing together policy makers, technical experts, and industry leaders from around the world, ISS 2026 aims to position itself as a central global platform for driving international space cooperation and advancing the global space industry ecosystem.

Conclusion and Proposals

Thanks to your dedicated interest and active participation, the 3rd 「International Space Summit 2025」was successfully held with 3,500 total attendees (a 144% increase from the previous year) representing 527 space-related organizations, companies, research institutes, and universities from 41 countries. As a result, ISS has firmly established itself as one of Korea's leading international space conferences.

We sincerely thank you for your invaluable support and look forward to your continued participation in 「ISS 2026」. Next year, we promise to return with even more diverse, innovative topics and an enhanced program to deliver greater value together with you.

To help build Korea's New Space ecosystem and advance our global space industry, we kindly ask that your organization includes plans to participate in and operate exhibition booths at 「ISS 2026」 in your upcoming business or operational plans.

Thank you very much.

SEE YOU NEXT YEAR!

International Space Summit 2026
